

FEELING SICK?

If you or anyone in your family has experienced these symptoms:

- Do not report to work and avoid contact with others.
- 2 Seek medical attention from your healthcare provider.
- **3** Notify your Safety HR Team or Supervisor for return-to-work protocol.

Fever or Chills

Cough or Sore Throat

Nausea, Vomiting or Diarrhea

Fatigue or Muscle Pain

Shortness of Breath or Respiratory Distress

Loss of Sense of Taste or Smell
